

“Symmetry: Playing with Mirrors”

Monday, 16 June 2025 | 11:15 AM – 1:15 PM

Come and explore the concept of **symmetry**—a rich and fascinating mathematical idea—through an interactive and visual experience.

This **permanent exhibition**, located at the Department of Mathematics, invites visitors of all ages (from 2 years and up) to delve into the classification of plane and 3-dimensional figures based on their types of symmetry.

Join us for a **guided tour** with the **Exhibition Director**, who will walk you through the mathematical principles behind the displays!

● **Important:** For safety reasons, the number of visitors is limited to 25. **Reservation is required** for the guided visit.

It is also possible to explore the exhibition autonomously during the slots 10:45-11:15 and 12:15-13:15.

Please fill out the form here:
